

Cybersec Infohub

To enhance cyber resilience of Hong Kong
Trust | Collaboration | Sharing

About Cybersec Infohub

Cybersec Infohub is a partnership programme jointly administered by the Office of the Government Chief Information Officer (OGCIO) and the Hong Kong Internet Registration Corporation Limited (HKIRC) to promote closer collaboration among local information security stakeholders of different sectors to share cyber security information and jointly defend against cyber attacks.

Main Features

 Collaborative Platform	Share professional opinions and insights on cyber security among Members from various sectors via “Cybersechub.hk”	 Ask Online	Ask cyber security questions from industry experts, backed by our cyber security supporting alliance - Cybersec Connect
 Trust Circle	Form private groups for closer collaboration on specific topics of common interest	 My Feed	Access relevant information on specific topics recommended by artificial intelligence (AI) service engine
 Daily News	Receive trending cyber threat insights of the day by email	 Member Events	Liaise with cyber security experts in member events

Benefits

- Enable trusted relationships and connections among Members from different sectors
- Collaborate with other Members in the defence against cyber attacks and share with them relevant information
- Enjoy collaborative and networking opportunities with cyber security experts
- Receive early warnings of cyber threats and insights from experts of different sectors

Membership Criteria

- Any local organisation with its business address in Hong Kong and owns a “.hk” Internet domain name
- Manage an electronic communications network and have operational needs for cyber security information
