Gabriel Pang has over 20 years of experience in local game industry and comics industry. He is one of the pioneers to develop computer games in Hong Kong since 1999. As the Founder of Firedog Studio, a leading game developer based in Hong Kong, together with his team, Gabriel has made the award winning game series “Cupid Bistro!!” and “Neverossa”. Besides, he is also cooperating with local comic talents, and had published a few popular titles including the award winning title “1520”.

Contribution to HK Digital Entertainment Industry

Gabriel has been the committee member (currently Chairman) of the Hong Kong Digital Entertainment Association since 1999. During the period, he has organized many events to promote the digital entertainment industry. In his company, he also trained up many game development participants. He was always invited to deliver speeches, seminars, lectures in the many universities in Hong Kong and the

Vocational Training Council. He is currently a board member of Hong Kong Cyberport Management Company Limited, board member of Hong Kong Education City Limited, vice chairman of Hong Kong Software Industry Association, committee member of Commission on Youth, committee member of HK Taiwan Cultural Cooperation Committee, committee member of Exchanges with Taiwan Funding Scheme assessment committee, member of ITF Enterprise Support Scheme assessment panel and committee member of VTC committee on IT Training and Development.
